

Cairns receives award

Janice Cairns, owner of Breeze Home Fashions in Kennesaw, was one of three women to receive the American Express Make Mine a \$Million Business Award at the Women's Leadership Exchange conference last month in Atlanta.

Cairns earned her award after delivering her sales pitch on a custom window treatment business to a panel of judges at the event. Each of the recipients will collaborate with a team of Georgia business advisers to create and implement their million-dollar business plans.

Recipients also are eligible to collect a loan of up to \$45,000 from Count-Me-In for Women's Economic Independence to help finance their business plans.

Count-Me-In designed, produces and administers the Make Mine a \$Million Business program.
